Gentlemen:

This office wrote to you on February 1, 1968 concerning your New Mexico "A" State Well No. 1 located in Unit A of Section 2, T-14-S, R-33-E. At this time we had received Form C-103 indicating that you had pulled some 7,584 feet of 5½" casing from the well and had temporarily abandoned the well at that time. You were requested to immediately furnish this office with your plans for the well and if you had no plans for the well, it was suggested that you enter the well and properly plug and abandon it.

Please contact this office immediately as to your plans for the well.

Yours very truly,

OIL CONSERVATION COMMISSION
