Gentlemen:

This office is in receipt of Commission Form C-103 for your New Mexico "A" State Well No. 1 located in Unit A of Section 2, T-14-S, R-33-E. On this form you state that you have pulled some 7500' of 5½" casing and have temporarily abandoned the well. You were contacted soon after this and we were advised by telephone that you had planned to re-enter the well within 30 days after you had evaluated the reservoir.

Please advise this office immediately as to your plans for this well. If you are not going to re-enter with the idea of attempting to produce the well, then the well should be re-entered and properly plugged.

Your prompt attention to this matter will be appreciated.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey
Supervisor, District 1
