Re: Plugging
Petro-Lewis Corporation
New Mexico 85 SWD #1-J
Section 28, T14S, R34E

Gentlemen:

This will confirm that I have approved the plugging of the above-referenced well under Petro-Lewis Corporation with FPCO acting as agent.

This was done since there was some problem with getting the plugging bond for FPCO Oil & Gas Company approved and it was imperative that we get this well plugged as soon as possible.

You may put Petro-Lewis Corporation name on the dry hole marker and there will be no need to change the well to FPCO.

If you have further questions, please contact me.

Very truly yours,

OIL CONSERVATION DIVISION
