

AFFIDAVIT ON CEMENTING

STATE OF ~~TEXAS~~ NEW MEXICO  
COUNTY OF LEA

SS

I, Elbert Myers, being of lawful age,  
do state that I am employed by Halliburton Company in the capacity  
of Cementer, and that on the 16th day of  
July, 19 71, Halliburton Company performed  
a cementing service for the purpose of cementing the SURFACE  
production string of casing in Well Number  
production, surface)  
1, Simmons Lease, located in Lea  
New Mexico County, XXXX for Western States Production Company  
(customer).

Information provided me by the customer, his agent or  
representative, states that the above string of casing was size  
12 3/4 " O. D., set in 17" inch drilled hole, and that  
casing depth set was 375 feet.

Cement and admixes used were: 375 sacks Class H Cement w/

2% Calcium Chloride

Based upon the above information, according to my cement  
tables, I have calculated that the above volume of cement will fill  
up an annular height of \_\_\_\_\_ feet between 12 3/4" casing and  
(size) (size)  
17" hole. (Cement Circulated)
