13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Asher is evaluating the Layton Enterprises Inc., recent recompletions in the Bagley Permo Penn area, to see if our well has a similar zone for possible recompletion, if not Asher is also looking to perhaps seek permission to turn this wellbore into a commercial S.W.D. due to the close proximity of County Road 45. We therefore seek permission to place this well in T/A status until all evaluations can be made. Thank you for your consideration.
