Gentlemen:

The location for your plugged and abandoned Michael Harton et al Well No. 1 located in Unit D of Section 5, T-12-S, R-37-E, Lea County, New Mexico, has been inspected by a representative of this office. It was found to be cleared and levelled in accordance with our requirements, but there is an error on the well sign. The sign shows the location as Range 34 East rather than Range 37 East.

Please notify this office when the sign has been corrected in order that the final plugging and abandoning of the well can be approved. When this approval has been made, we will notify our Santa Fe office that your plugging bond can be released as requested.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District 1
