

This form is to be filed with the appropriate District Office of the Commission not later than 15 days after the completion of any newly drilled or deepened well. It shall be accompanied by one copy of all electrical and radioactivity logs run in the well and a summary of all special tests conducted, including drill stem tests. All depths reported shall be measured depths. In the case of a cased or partially cased well, the vertical depth shall also be reported. For multiple completions, Items 39 through 42 shall be reported for each zone. Loss of cement is to be listed in quantity, location, and state of cure, where six copies are required. See Rule 1105.
