UL B, Sec 31, Township 12 South, Range 34 East

Through a review of compliance correspondence and phone logs it has come to our attention that you have taken no action concerning our letter dated October 14, 1999. I spoke to Bud Hurley on July 5, 2000 concerning the future disposition of this well.

The following options are available

1. Restore the well to production
2. Temporarily abandon this well per the standard of NMOCD Rule 203
3. Plug and abandon this well per the standard on NMOCD Rule 202

To avoid further action, we request that you exercise one of the above options No later than February 27, 2001 We request that you notify this office 24 hours to any operation in order to witness the operation,
