Dear Mr. Sexton:

I apologize for the delay in responding to your correspondence dated 11/9/88 with reference to restoration of the subject lease. Although A & W Construction, 8404 Sprague, Odessa, TX 79764, Telephone (915) 563-0102 was prepaid in 1986 for this job, he and the Lowe Ranch Foreman, Monte Paxton have had some discussions regarding who was actually going to do the work, A & W or Monte Paxton. These discussions carried on without the knowledge of this office, but I have spoken to A & W Construction this past week and advised Lefty Akins, A & W Construction, to proceed with backfilling pits in accordance with the New Mexico Oil & Gas Department's specifications.

I would appreciate being advised on your next inspection if this has been taken care of.

If you have any questions, please do not hesitate to contact the undersigned.

Yours truly,

KIMBARK OIL & GAS COMPANY
