Gentlemen:

Since we have not as yet been notified by our Santa Fe office that your plugging bond has been received and approved, we will hold Forms C-101 and C-102 for your State Well No. 1 to be drilled in Unit L of Section 30, T-12-S, R-38-E, without approval until we do receive this notification.

Further, it will be necessary for you to furnish us with a proposed blowout prevention program. This may be done, since it was not included on Form C-101, by either submitting Form C-103 with a brief description, or a sketch of the equipment to be used.

Yours very truly,

OIL CONSERVATION DIVISION
