Section 16, T14S, R34E
Saunders Permo Perm, East

Dear Mr. Zahner:

The remedial work outlined in your July 17, 1986, letter is hereby approved. When the retrievable bridge plug has been removed from the subject well, you should file three copies of Form C-103 (subsequent report) stating exactly what work was done and specify what perforations you are producing from.

If after the workover you production increases and you need additional allowable, please submit 2 copies of Form C-116 (marked "special") for an allowable increase.

Very truly yours,

OIL CONSERVATION DIVISION
