Re: New Mexico 16 State 1 16-14-34  
Remedial Work  
QE-344-86

Dear Mr. Sexton:

Pursuant to your request during our telephone conversation today, this is to confirm your verbal approval to proceed with remedial work on the above captioned well. Clements Energy, Inc., as operator, intends to pull a retrievable bridge plug and produce the Wolfcamp and Penn members of the Permian formation. It is understood that this approval is contingent on completing and submitting all required forms within one week.

Thank you for your cooperation in this matter.

Very truly yours,  
QUESTA ENGINEERING CORPORATION

  
R. L. Zahner
