Plugged well

Gentlemen:

According to our records the above-referenced well was operated by Tenneco Oil Company and Fina Oil & Chemical purchased their properties in New Mexico. This well was apparently plugged by Tenneco but they failed to file a subsequent plugging report with this office.

If you have any records on this well, please file a subsequent P&A report on Form C-103. Also, an inspection of the plugged well indicates Tenneco did not put a lease name or well number on the dry hole marker.

If you will be able to help us with these two things we will appreciate it. If you are unable to assist us, please give us something in writing.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I

ed

4-9-92 - Per Neva Herndon - Fina was unable to locate anything on this well in records they got from Tenneco.
