At the hearing today in this case on TMBR/Sharp Drilling's TMBR "10" Well No. 1 (**API No. 30-025-35104**), located 2630' FSL & 713' FWL (L) Sec. 10-T14S-R34E, Und. East Saunders Perm-Pennsylvanian Pool. I authorized them to turn the well back on as of today. An order will be leaving my desk next week.
