New Mexico - Amount: \$5,000.00 - 4/30/51 (SW $\frac{1}{4}$ E $\frac{1}{4}$ S. 14, T3 S.

Dear Mr. Yarbrough:

The above captioned bond was executed by our agent, Mr. Jack Daniels of Hobbs, New Mexico for the above principal on April 30, 1951.

We have had considerable correspondence in this past year on this case and apparently the above principal is not in a bad shape financially according to past information we could gain; however, we received information recently that apparently this well has been plugged, but whether this is true or not we cannot say.

If this well has been plugged, we do not know whether the reports have been filed with your office or not and we would appreciate your advising us if you have anything definite on this case and what you files show. If this well has been inspected by you and the plugging has been properly approved we would like to know so that we can get cancellation evidence under our bond.

Any information you can give us on this case will be greatly appreciated.

Yours very truly,

ECHLIN-IRVIN-CROWELL & CO.
