

** LYNN-GREER **

Vinther No. 1

S.E. N.E.-14- 3 S., 30 E. NMPM.

The subtending sketch truly depicts a survey which I did, on the ground, for the purpose of locating the center of the southeast $\frac{1}{4}$ of the N.E. $\frac{1}{4}$ of section No. 14, township No. 3 S. of range No. 30 E. NMPM. in Roosevelt County, New Mexico, and said center is marked by a lign. pipe which is 1980ft. S. and 660ft. W. of the N.E. corner of said section No. 14.

As may be seen by the sketch, the public road on the N. side of t this section and the fence line on the E. side are not in alignment with reasonable section alignment. I can not recommend this survey to be used in extending lines farther, but this location is fairly well done for centering the said subdivision.

Surveyed April 30th. 1951.

Chain carriers, My self and Ferris Vinther.

Geo. W. Hawkins, licensed state surveyor #365
