Gentlemen:

I own the surface estate to

The Southwest Quarter of the Northeast
Quarter (SW/4 NE/4) of Section 29,
Township 3 South, Range 37 East,
Roosevelt County, New Mexico,

on which Wapenza Oil Company drilled for oil and gas and
was unsuccessful in finding oil and gas in commercial
quantities.

The well is known as Seefeld No. 1, and is located
1980 feet from the North Section line and 1980 feet from
the East Section line. The well to be plugged may safely
be used as a fresh water well, and I desire to utilize the
well for a fresh water supply.

You may consider this as my written authority to
Wapenza Oil Company to refrain from filling the well above
a ceiling plug set below the fresh water formation.

Sincerely,

Allen Chapman
