Dear Mr. Yiekens:

We have the Form C-103, Report on Result of Plugging of Well, submitted on your #1 Lula C. Haynes Well in Roosevelt County.

However, on a recent visit to the location we were advised that it would be approximately two weeks before the cellar and pits would be levelled and the location cleared off. When this work is completed the Form C-103 will then be in order for approval.

We would appreciate your advising us when this work is completed.

Very truly yours,

OIL CONSERVATION COMMISSION
