COUNTY OF ROOSEVELT

Section No. 31-T. 2 S. R. 31 E. NMPH.

The subtending sketch truly depicts a survey which I did on the ground according to law, for the purpose of the site of a prospective oil well to be known as the McCabe No. 3, situate E. 67° E. 81.2ft. from the center of the S.W. $\frac{1}{4}$ of the N.W. $\frac{1}{4}$ of section No. 31, township No. 2 S., range No. 31 E. NMPM.

This survey is based upon the remaining evidences of the original survey made in 1885 and very closely conforms with old improvements.

Elevation of this well at a graded ground surface is 4420.2ft. above sea level. (this elevation is based upon work which I have done without opportunity to close my work against a known bench mark).

Surveyed May 26th. 1954.

Geo. W. Hawkins.

Registered state land surveyor No. 365.
