INSTRUCTIONS

This form is to be filed with the appropriate report of the completion of any newly-drilled or deepened well. It shall be completed by the owner of all electrical and radioactivity logs run on the well, and a summary of all special tests conducted, including minimum tests. All sections reported shall be measured by dip in the case of non-vertically drilled wells; true vertical depths shall also be reported for multiple completions. Items 1 through 24 shall be reported for each zone. The form is to be filed in quintuplicate except on state land, where six copies are required, and Rule 117.
