RE: LAMBIRTH #8, UNIT L, S30-T5S-R33E

Gentlemen:

The above referenced well has recently been inspected by an Oil Conservation Division representative in an attempt to release the location.

However, until this can be done the following items must be completed:

1. Remove tank battery from location.
2. Remove all conduit, flowlines, and anchors from location.
3. Remove fence, still intact in ground.
4. Please level location to top ground contour.

When the above has been completed, sign this letter and return it to our office at the address listed above, or call Chris Williams at 505-393-6161.

Sincerely,

A handwritten signature in cursive script that reads "Chris Williams".

CHRIS WILLIAMS
