

INSTRUCTIONS

This form is to be filed with the appropriate data. If one of the formations not listed here is the completion of any newly-filled or deepened well. It shall be a long and fully completed all electrical and radioactivity logs run in the well and a summary of all special tests conducted, including drill stem tests. All data reported shall be true and correct. In the case of an artificially filled well, true vertical depths shall also be reported. For multiple completions, items on the right shall be reported for each zone. This form is to be filed in quadruplicate except on state land, where six copies are required. See Rule 11.2.
