Gentlemen:

I have examined the application for the:

BHP Petroleum (Americas) Inc.	Bledsoe #2-A	11-6-33	3(Bledsoe #1-H-11-6-33)
Operator	Lease & Well No.	Unit	S-T-R

and my recommendations are as follows:

OK -- Jerry Sexton	This well was at a standard location for an oil well in
	the South Peterson Penn Associated but requires the approval
	of a non-standard location due to the recently submitted
	gas/oil ratio test which will reclassify it to a gas well.
Yours very truly,	Also, approval of 160 acre Non-standard Proration is required.
