

This form is to be filed with the appropriate District Office of the Commission not later than 14 days after the completion of any newly-filled or deepened well, or after the completion of any copy of all electrical and radioactivity logs run in the well and a summary of all special tests conducted, in cement, drill stem tests. All depths reported shall be measured up the hole in the case of directionally drilled wells, true vertical depth shall not be reported for multiple completions. Depths 30 through 34 shall be reported for each zone. The form is to be filed in quadruplicate, except on state land, where six copies are required. See Rule 1105.
