Gentlemen:

We shut down our J. T. McGee-Penn Formation well, as of March 15th, 1996.

This zone did not produce enough gas to pay for the expense of producing same.

We have always taken a

PACKER LEAKAGE TEST

on the J. T. McGee Com, Penn Formation and Montoya Formation on May 1st - - before May 10th of each year.

Please advise me if this test will still be needed!

Thanking you very much for a reply - - which you can fax and/or mail.

With kindest regards, we are,

Very truly yours,

MARSHALL PIPE & SUPPLY COMPANY
