Re: Speight #1
S/2 Section 22,
T2S, R29E
Roosevelt County, New Mexico

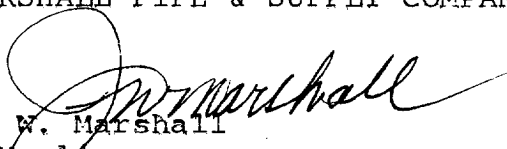

Gentlemen:

We have been taking Packer Leakage Tests on the above well in January each year - - covering the Penn and Montoya formations.

Inasmuch as the Speight #1, Tule - Montoya portion of the well is temporarily abandoned, as per our Form C-103 filed with you on 6-27-90, approved 7-3-90, we feel the Packer Leakage Test will not be required this year.

Very truly yours,

MARSHALL PIPE & SUPPLY COMPANY

J. W. Marshall
