Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

Carper Drilling Company Carper-Taylor Well No. 1 in SW 1/4 SE 1/4
Company or Operator Lease
of Sec. 30, T. 16 S., R. 1 E., N. M. P. M., Robinson Field,
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

This well was drilled to a total depth of 4035' and has been plugged back to 3700', where a cement plug was set. Attempt was made to make a gas well by perforating the casing. After salvaging as much 7" casing as possible we propose to run heavy mud to the base of the silt at 2250', where a ten sack cement plug will be run. Heavy mud will follow to the base of the 8" casing and another ten sacks of cement will be run at 1095'. 8" casing will then be salvaged and heavy mud will follow to the surface, where proper marker will be set and cemented. This work is to commence as soon as approval is received.

Approved APR 2 1947, 19_____
