 completion and Reservoir Behavior and Log Form

17. If drilling is done by hand, state pertinent details, and if pertinent, dates, including estimated date of starting any new work. If well is dipper-drilled, give surface locations and means and true vertical depths for all markers and zone(s) identified in the well.

Filed in accordance with the New Mexico Oil Conservation Commission letter dated September 13, 1974, regarding notification of status of inactive wells.

The temporary abandonment of this well commenced on February 12, 1970. Present plans call for this well to be plugged and abandoned before November 1, 1976.

18. I hereby certify that the foregoing is true and correct
