Re: Filing of radio-activity and
electrical logs

Gentlemen:

Rule 1103 of the Commission Rules and Regulations as revised by Commission Order No. R-722 requires that Form G-105 be accompanied by one copy of all electrical and radio-activity logs run. Reduced scale logs are desirable.

As of this date we have not received this information on the following wells:

Gulf-State #1-L 16-17-32

Yours very truly,

OIL CONSERVATION COMMISSION

~~As I have previously~~
Proration Manager

If no logs were run, please make a statement to that effect in the space below. Or if they have been run, and will be supplied later, please so indicate.

Operator _____

By _____

1. The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation

$$f(x) = \int_0^x \frac{1}{1+t^2} dt$$

and to the study of the function $F(x)$ defined by the equation

2. The second part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

3.

3. The third part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

$$F(x) = \int_0^x \frac{1}{1+t^2} dt$$

4.

4. The fourth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

5.

5. The fifth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

6.

6. The sixth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

7. The seventh part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

8. The eighth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

9. The ninth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

10. The tenth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

11. The eleventh part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

12. The twelfth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

13. The thirteenth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

14. The fourteenth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

15. The fifteenth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

16. The sixteenth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

17. The seventeenth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

18. The eighteenth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

19. The nineteenth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

20. The twentieth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

21. The twenty-first part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

22. The twenty-second part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

23. The twenty-third part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

24. The twenty-fourth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

25. The twenty-fifth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

26. The twenty-sixth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

27. The twenty-seventh part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

28. The twenty-eighth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation

29. The twenty-ninth part of the paper is devoted to the study of the properties of the function $F(x)$ defined by the equation
