Approval of the New Mexico Oil Conservation Commission to convert this well to water injection for the MCA Unit Waterflood Expansion was obtained under Administrative Order WFX 253, dated March 15, 1967. Therefore, it is proposed to convert this well using the following procedure: 1. Tag bottom with tubing and tally out. 2. Run 2 3/8" OD EUE tubing w/packer to be set at approximately 3355'. 3. Place well on injection. ^{15. i hereby certify that the foregoing is true and correct} STONED Anthe Mexicon State office for Prederat or State office for Prederation P				(NOTS: Report re Completion or Rec	sults of multip ompletion Rep	ple completion or ort and Log form	n Well 1.)
