Re: State MA "E" No. 1  
Sec. 36, T-17-S, R-32-E  
Lea County, New Mexico

Gentlemen:

Form C-104 for the above captioned well will be approved as of this date. However, if the Abo horizon is still productive on July 1, 1961 it will be necessary that you re-enter the well and bring cement to a sufficient height to cover the Maljamar producing interval.

Please contact this office prior to July 1, 1961 concerning your plans for this well.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey  
Proration Manager
