Gentlemen:

Please refer to your letter of March 19, 1958, concerning the plugging and abandoning of our State CS No. 1.

Attached are completed Form C-103s, Form C-105s, and one copy each of the various logs run on this well. We appreciate you bringing this matter to our attention. Our delay in filing these reports was occasioned by bad weather, breaking out of pits and leveling, and the inability to completely clean up the location with the drilling rig still on location.

Yours very truly,

WHITE EAGLE OIL COMPANY
