Gentlemen:

Delta Drilling Company is making application to reenter the Williamson #1 Unit State well located 660' FN&WL of Section 30-16S-33E, Lea County, New Mexico.

It is our intent to attempt a completion in the Wolfcamp and Morrow formations. While the location is orthodox for the Wolfcamp, it is unorthodox for a Morrow well. Therefore, to allow us to obtain the required permit, we request that you as an offsetting operator waive any objections to this unorthodox location. Please signify your waiver of objection by signing in the space below and returning this letter to our Midland, Texas address.

Thank you very much for your consideration.

Very truly yours,

E. W. Hooper
