Hobbs, New Mex.

Gentlemen:

Mr. W. A. Gressett, Oil & Gas Inspector for the Commission, has made an inspection of the location for your Levick State No. 1 in Unit K of Section 31, T-16-S, R-33-E and has found that the marker is only 1' above the ground and the legal description of the location has not been inscribed upon it.

Rule 202 of the Commission Rules and Regulations requires that the marker extend at least 4' above mean ground level and that the legal description of the location be permanently inscribed upon it.

Please notify this office when these things have been done so that a final inspection may be made and your Report of Final Plugging approved.

Yours very truly,

OIL CONSERVATION COMMISSION

R. F. Montgomery
Proration Manager
