Dear Mr. Thurman:

I am returning this Form C-103, Report on Result of Plugging of Well, for a correction.

You have not mentioned a cement plug at the bottom of the well cementing off oil or water, nor have you mentioned setting a steel marker to extend 4' above the surface as required by the Rules and Regulations of the Oil Conservation Commission.

Please file your Form C-103 mentioning the exact spots where plugs were placed and return this form for approval.

Very truly yours,

OIL CONSERVATION COMMISSION
