Re: SHAHARA STATE UNIT #7
UNIT N-S16-T17S-R33E

Mr. White:

An Oil Conservation Division Representative witnessed a pressure test on May 12, 2000, on the above referenced well.

Although the test was successful and approved, the OCD requests the following be in order, for all future testing.

1. Calibration date on meter equipment is ready and available for OCD Representative.
2. Meter is equipped with a 1000# spring.
3. All equipment is fully operational.
4. All company personnel are knowledgeable of state test procedures and requirements.

In addition, according to the R-11058-A, the approved injection pressure on the above well is 820 psi. If an increase in pressure is required, please submit the appropriate paperwork to the Santa Fe OCD office with your request.

If you have any questions, please contact Billy Prichard at 393-6161 ext. 107, or Sylvia Dickey at 393-6161 ext. 112.

Sincerely,

CHRIS WILLIAMS
District I Supervisor
