17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work.) SEE RULE 1103.

This well has been shut down since April 1973 with stuck tubing string. It also has hole in tubing and therefore will not produce. We plan at some future date to pull rods & pump, free tubing, find hole and return well to production. We hope to perform this work during the early part of 1975, if not before.

*Expires 10/1/75*
