17. Describe Proposed or Completed Operations *(Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work)* SEE RULE 1103.

This well has not produced oil since August 1973. Well went to 100% water in September 1973 and was pumped periodically until being shut down August 1, 1974. It is doubtful this well will be reworked as an oil producer but it is being retained for future use as a water injection well.
