Dallas, 1, Texas Sec. 14-15S-34E

Dear Sir:

A check of the file on your State #1 well in Section 14-15S-34E shows that we have received no reports from this well since Form C-101, Notice of Intention to Drill, was filed on June 24, 1954, although the New Mexico Oil Scouts report shows that both 13-3/8" casing and 9-5/8" casing have been run on this well.

Please refer to Rule 1106 (b) which requires that these reports be filed within ten days of completion of the work.

Your prompt attention to this matter will be greatly appreciated.

Yours very truly,

OIL CONSERVATION COMMISSION
