

## NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

## MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

Feb. 15, 1945

OIL CONSERVATION COMMISSION,  
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

The Vickers Petro. Co. Inc. State            Well No. 1 in 6 Lot 8  
Company or Operator Lease  
of Sec. 2, T. 16S, R. 34E, N. M. P. M., Wildcat Field,  
Lea County.

## FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

We propose to plug the bottom 10' of the hole with gravel then set a cement plug of ten sacks of cement; the hole will then be filled with mud to a depth of about 5000' where another cement plug will be set at the base of the salt; the hole will then be filled with mud to a depth of about 1800' where another cement plug will be set at the top of the salt. We will then attempt to pull the 8 5/8" casing after it has been broken off above the cemented portion. The hole will then be filled with mud to a depth of about 250' where another cement plug will be set below the fresh water horizons. The hole will then be filled to the surface with mud. The top of the hole will be cemented and a regulation metal marker will be set in cement. Collar and pits will be filled and the surface cleaned up.

Approved FEB 19 1945, 19
