17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Status: Well shut in October 4, 1963.  
Permit for temporary abandonment expires November 1, 1975

Reason: Uneconomical to produce.

Future Plans: Preliminary evaluation indicates it is not feasible to attempt returning well to production in current completion intervals. Uphole recompletion possibly does exist in the San Andres. Request extension of temporary abandonment permit for one year to complete evaluation.

*Expires 11/1/76*
