Gentlemen:

We enclose six copies of Form C-101, Notice of Intention to Drill, and three copies of Form C-128, Well Location and Acreage Dedication Plat, covering our State-Lea "E" Well No. 2, located in Section 21, T-16-S, R-34-E, Lea County, New Mexico.

It is the intention to complete this well in the Pennsylvanian (Seaman) at a depth of approximately 11,500 feet. This is a new unnamed pool discovered by our State-Lea "E" Well No. 1, located one-half mile to the North, which is now being completed.

We show the dedicated acreage for our State-Lea "E" Well No. 2 as 40 acres, as there are no field rules for the new unnamed pool, but the well is spaced so that it will comply with the 80 acre pattern established for the Kemnitz-Wolfcamp Field, in the event it is necessary to complete the well in that zone.

Yours very truly,

THE PURE OIL COMPANY
