OIL CONSERVATION COMMISSION

HOBBS, NEW MEXICO

October 18, 1956

Tennessee Gas Transmission Co. Box 1031 Midland, Tex.

Gentlemen:

A check of the file for your State A. A. Kemnitz "A" No. 1 in Unit A of Section 30, T-16-S, R-34-E shows that no reports have been filed since the Notice of Intention to Drill was approved on August 27, 1956, although it is our understanding that the well is being drilled.

Please be advised that you are in violation of Rule 1106 of the New Mexico Oil Conservation Rules and Regulations, which requires that Form C-103 be filed in triplicate within ten days following the commencement of drilling operations, and also reporting on a test of casing shut-off within ten days following the completion of the test.

Please file the appropriate forms at your earliest convenience.

Yours very truly,

OIL CONSERVATION COMMISSION
