Re: Bottom-Hole Pressure Survey
Townsend-Wolfcamp Field
Lea County, New Mexico

Gentlemen:

The Superior Oil Company's, State "26" #1-26, Section 10, T-16-S, R-35-E, Townsend-Wolfcamp Field, Lea County, New Mexico, is scheduled for the semi-annual bottom-hole pressure survey to be conducted by the New Mexico Oil & Gas Engineering Committee in November 1957. This well is intermitted and we feel that an extended shut-in period will necessitate swabbing to return the well to production.

Due to this condition we request that the State #1-26 be deleted from the survey schedule.

Very truly yours,

THE SUPERIOR OIL COMPANY

Robert B. Wilson
