Hartford Accident and Indemnity Co. 1000 North Turner Hobbs, New Mexico

Attention: Mr. Jack Daniels

Gentlemen:

I have enclosed a Thermofax copy of Commission Order No. R-1040 for your information and action at the earliest possible date. As you know this order was the result of Case No. 1278 in which Roy T. Short and Hartford Accident and Indemnity Company were to show cause why the Roy T. Short, et al Millard Eidson No. B-3 located in the SW/4 SE/4 of Section 26, T-16-S, R-35-E, Lea County, should not be plugged and abandoned.

Please note that this order was signed on August 26, 1957 and ordered that within thirty days a proposed plugging program be filed for approval. Further, that within thirty days of approval of your proposed program that the well is to be plugged.

Now on December 23, 1957, after checking the file on this well, I find that no proposed plugging program has been filed, although previous requests have been made that this order be complied with.

If there is some misunderstanding about this matter or assistance is needed, please contact this office at once for the penalty provisions your company is subject to are quite large.

Yours very truly,

OIL CONSERVATION COMMISSION
