Sec. 26-162-858

Gentlemen:

We have received in this office Form C-103 reporting the results of plugging on your Edson #B-3. Before this Form can be signed, however, it will be necessary for an inspection of the location to be made, to see that all pits have been filled and levelled and the regulation marker set.

Please let us know when this location is ready for inspection.

Yours very truly,
