Unit 1, Sec. 35, T16S, R35E

Gentlemen:

This is to advise we have shown the pool as Shoe Bar Penn since that is how this well is currently carried in our computer records.

The Abo zone was never assigned an allowable. Please advise the status of your future plans for this well.

According to OCD policy wells that have not produced in over one year should be brought into compliance by demonstrating mechanical integrity of the wellbore and obtaining a Temporary Abandonment permit. I believe the last production for this well was in 1988.

If you plan to return the well to production should should file an intent to do so.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District I
