Harold Runnels
Lovington, New Mexico

Dear Mr. Runnels:

On March 9, 1962 this office approved Form C-101, Notice of Intention to Re-enter, for the Gladson State No. 1 located in Unit E of Section 36, T-16-S, R-35-E. This Form C-101 gave approval to remove the dry hole marker and clean out to a depth of 4170 feet. Although no further forms have been filed by your office, we note from the Scout Report that you are now down to approximately 7200 feet.

At your earliest convenience, please submit Form C-103 outlining the work done on this well thus far.

Yours very truly,

OIL CONSERVATION COMMISSION
