Re: Application to Dual Complete
D. H. Crockett Well No. 1
in the Caudill-Wolfcamp and
Caudill-Devonian Pool,
Lea County, New Mexico

New Mexico Oil Conservation Commission
Box 871
Santa Fe, New Mexico

Attention: Mr. A. L. Porter, Jr., Secretary-Director

Dear Sir:

Attached herewith is Humble's application for dual completion of our D. H. Crockett No. 1 in the Caudill-Wolfcamp and Caudill-Devonian Pools. The well, located in Unit C, Section 21; T-15-S; R-26-E; Lea County, New Mexico is presently producing from the Devonian. By the attached diagrammatic sketch, we propose to pump the Devonian through 2-3/8-inch non-upset tubing and flow the Wolfcamp through 1-1/4-inch non-upset tubing.

Since these conditions do not meet requirements for administrative approval, we respectfully request that this application be placed on the earliest possible docket for hearing.

Yours very truly,

HUMBLE OIL & REFINING COMPANY
