

OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

1. The first part of the report is a general introduction to the project. It describes the purpose of the study, the objectives, and the scope of the work. It also provides a brief overview of the methodology used in the research.

2. The second part of the report is a detailed description of the data collection process. It explains how the data was gathered, the sources of the data, and the methods used to ensure the accuracy and reliability of the information.

3. The third part of the report is a presentation of the results of the study. It includes a summary of the findings, a discussion of the implications of the results, and a comparison of the findings with previous research in the field.

4. The fourth part of the report is a conclusion and a list of references. The conclusion summarizes the main points of the study and provides a final statement on the significance of the findings. The references list the sources of the information used in the study.

5. The fifth part of the report is a list of appendices. These appendices provide additional information that supports the findings of the study. They include a list of the data sources, a list of the methods used, and a list of the results of the study.

6. The sixth part of the report is a list of figures and tables. These figures and tables provide a visual representation of the data and the results of the study. They include a list of the figures and tables, a description of each figure and table, and a list of the results of the study.

7. The seventh part of the report is a list of footnotes. These footnotes provide additional information that is not included in the main text of the report. They include a list of the footnotes, a description of each footnote, and a list of the results of the study.

8. The eighth part of the report is a list of references. These references list the sources of the information used in the study. They include a list of the references, a description of each reference, and a list of the results of the study.

9. The ninth part of the report is a list of appendices. These appendices provide additional information that supports the findings of the study. They include a list of the data sources, a list of the methods used, and a list of the results of the study.

10. The tenth part of the report is a list of figures and tables. These figures and tables provide a visual representation of the data and the results of the study. They include a list of the figures and tables, a description of each figure and table, and a list of the results of the study.

11. The eleventh part of the report is a list of footnotes. These footnotes provide additional information that is not included in the main text of the report. They include a list of the footnotes, a description of each footnote, and a list of the results of the study.

12. The twelfth part of the report is a list of references. These references list the sources of the information used in the study. They include a list of the references, a description of each reference, and a list of the results of the study.

13. The thirteenth part of the report is a list of appendices. These appendices provide additional information that supports the findings of the study. They include a list of the data sources, a list of the methods used, and a list of the results of the study.

14. The fourteenth part of the report is a list of figures and tables. These figures and tables provide a visual representation of the data and the results of the study. They include a list of the figures and tables, a description of each figure and table, and a list of the results of the study.

15. The fifteenth part of the report is a list of footnotes. These footnotes provide additional information that is not included in the main text of the report. They include a list of the footnotes, a description of each footnote, and a list of the results of the study.
